RESOLUTION

IN SUPPORT OF

ALEAC STANDARDS

WHEREAS, the primary purpose of the Airborne Law Enforcement Association as stated in its articles of incorporation, is to promote, develop, prepare, disseminate and evaluate information with respect to the safe utilization of aircraft as a tool of law enforcement and airborne law enforcement techniques, equipment, and philosophy as an educational service for members of the organization and the public; and

WHEREAS, it is recognized that industry standards allow individuals and agencies to effectively assess and compare current practices with broader industry benchmarks, and

WHEREAS, industry standards provide agencies with foundations upon which to build and/or improve safe operating practices, sound training principles, and cost-effective operations, and;

WHEREAS, industry standards help to establish credibility as a professional operation that has adopted widely accepted practices; and,

WHEREAS, industry standards reflect practical, up-to-date policies and procedures that safeguard the life, health, and safety of practitioners and the general public;

THEREFORE BE IT RESOLVED THAT the Airborne Law Enforcement Association supports the development and ongoing maintenance of industry standards for the airborne law enforcement field.

BE IT FURTHER RESOLVED THAT the Airborne Law Enforcement Association adopt and promote the Airborne Law Enforcement Accreditation Commission Standards for Law Enforcement Aviation Units.

Adopted by the Airborne Law Enforcement Association Board of Directors on July 11, 2007.
