PRESS RELEASE
FOR IMMEDIATE RELEASE

Enstrom Helicopter at Helitech

Menominee, MI; October 5, 2016 —Please join Enstrom during the HeliTech show in Amsterdam to be part of the largest international rotorcraft business event in Europe. Enstrom Helicopter Corporation will have a booth exhibit at Helitech International, October 11-13 and will be accompanied in the booth by their dealer, Jamie Chalkley of Eastern Atlantic, from Shoreham in the UK, and their Representative in France, François Gatineau of Rotor & Aircraft. Please stop by booth 12G29 in the US Pavilion to learn about the aircraft that are available for quick delivery. Enstrom looks forward to seeing you there.

Now in its 30th year, and 4th year as an annual event, Helitech International brings together thousands of rotorcraft industry professionals for 3 days of collaborative debate and discussion.

Founded in 1959, Enstrom Helicopter Corporation designs and produces light single-engine helicopters for the global market. Missions include helicopter training, police and wildlife patrol, aerial photography and tours, ag spray and livestock management, and personal transportation. Enstrom is a wholly-owned subsidiary of Chongqing General Aviation Industry Group Co., Ltd. (CGAG). For more information on Enstrom, visit www.enstromhelicopter.com.
