

Dear colleague:

Leonardo Helicopters is attending Helitech 2017 (London, 3-5 October) exhibiting its range of products and capabilities in the rotorcraft commercial and parapublic markets and illustrating its latest achievements.

On its stand (G100) Leonardo Helicopters will show and illustrate an AW169 light intermediate helicopter in HEMS configuration, a Virtual Interactive Procedural Trainer, the Heliwise HUMS Analysis Services and the Skyflight Mission Planning System with all new features.

At Helitech Leonardo Helicopters will also attend several of the exhibition's seminars.

You are invited to attend the Leonardo Helicopters Welcome Briefing on 3 October at 11.40am at Leonardo Stand (G100).

We look forward to meeting you at Helitech!

Kind regards,

Roberto Caprarella
