

**FOR IMMEDIATE RELEASE**

## **MD HELICOPTERS SECURES \$34 MILLION ARMY CONTRACT**

*Deal provides logistical support for the Afghanistan Air Force MD 530F aircraft fleet*

**Mesa, Ariz., December 3, 2020** – [MD Helicopters, Inc.](#) (MDHI) announces an agreement with the U.S. Army worth about \$34 million to provide logistics support for the Afghanistan Air Force MD 530F Cayuse Warrior light attack and reconnaissance helicopter fleet. The deal is a continuation of MDHI's contractor logistics support (CLS) with the U.S. Army and Multi-National Aviation Special Project Office (MASPO) for the fleet.

Under the terms of the contract, MDHI will provide maintenance, repairs, updates, and overhauls of the aircraft in Mesa, Arizona, and Kabul, Afghanistan. The estimated completion date for all work is May 31, 2021.

"This contract illustrates the Army's and MASPO's continued confidence in MD Helicopters' ability to successfully manage our CLS contract," says Nick Nenadovic, Vice President of Aftermarket and Customer Support for MD Helicopters, Inc. "We have delivered 60 aircraft to the Afghan Air Force and we maintain a vested interest in ensuring the highest level of support to keep the entire fleet mission ready."

The enhanced MD 530F Cayuse Warrior is a light armed attack helicopter revered for its power, safety, speed, agility, and unparalleled confined area capabilities. The aircraft supports a wide range of training and operational missions, providing safe, efficient multi-mission support with an increased performance profile.

### **About MD Helicopters, Inc.**

MD Helicopters, Inc. (MDHI), is a leading rotorcraft manufacturer of American Made commercial, military, law enforcement, and air-rescue helicopters. The MDHI family of rotorcraft is world renowned for its value, versatility, and performance. Commercial offerings include the MD 500E, MD 530F, MD 520N, MD 600N, and twin-engine MD 902 Explorer. The MD 530F Cayuse Warrior and MD 530G Attack Helicopter comprise the company's high-performance military offerings. A key feature of the MD 902, MD 600N, and MD 520N is the innovative NOTAR® system for anti-torque control with no tail rotor – exclusively by MDHI to provide safer, quieter performance and confined-area access capability.
