

## PRESS RELEASE

Date: 9.15.2016

Digital Airware is selected by NYPD Aviation for Software solution!

### **CHARLOTTE, NORTH CAROLINA (9-15-2016) – Digital Airware, LLC.**

Announces that it has been awarded a contract by NYPD Aviation to utilize its state of the art customizable electronic maintenance and operations tracking software.

Digital Airware currently provides aircraft management solution for the following agencies among others.

Hillsborough County Sheriff's Office	Miami Dade Fire Rescue, Ontario PD
Miami Dade PD	Palm Beach County Sheriff's Office
Pinal County Sherriff's Office	Pinellas County Sheriff's Office
San Antonio Police Department	St. Johns County Sheriff's Office
Texas Department of Public Safety	Arizona Department of Public Safety

"The Arizona Department of Public Safety has utilized Digital AirWare for its aviation management software for over a year now. What was initially sought after as a tool to more effectively track data, has now become an essential part of our daily flight operations. From scheduling, to maintenance tracking, to parts inventory, to report writing, the features of Digital AirWare have greatly streamlined operations and allowed us to reach a new level of efficiency. The willingness of Digital AirWare to customize technical user needs, combined with their exemplary customer service has proven beneficial to AZ DPS". Terry S. Miyauchi Aviation Administrator AZ Department of Public Safety.

"Digital Airware allows customers to view day to day operations and critical maintenance functions in one customizable software solution simplifying the management of all aspects of your operation," said Michael Demoreta, *Digital Airware -Vice President.*

"We are very pleased for all our ALEA customers and thank them in their help and suggestions to what the industry has been asking for. It is with these specialized operators that we have been able to develop a solution and continue to be the elite chosen by the market."

Joaquin Demoreta, *Digital Airware - President.*

Digital Airware software is an all in-one customizable tool, allowing maintenance and operational managers to easily forecast, update, print reports and stay compliant within industry standards. Digital Airware's stop light feature allows users to easily identify new maintenance and service actions and intuitively navigate through the program.
