## **ELITE TH100 featured in Tampa Bay News 13 video**

Oviedo, Fl.—January 10, 2019—Tampa Bay News 13 aired a video Wednesday about how the Pinellas County Sheriff's Office is using their recently-purchased ELITE TH100 helicopter Advanced Aviation Training Device (AATD) to help their pilots recover from VFR into IMC conditions. A link to the story and video is below.

“We are very proud of our work with law enforcement flight ops departments around the country,” said Wayne Keyes, ELITE's Director of Business Development. “The Tampa Bay News 13 story highlights our mission to all of our customers—fixed-wing and rotor-wing—that of helping pilots to get home safely to their loved ones through their training. They gain confidence and proficiency in the IFR environment, resulting in safer pilots.”
