THOMMEN AIRCRAFT EQUIPMENT ENGAGES PREO AEROSPACE FOR NORTH AMERICAN SALES AND MARKETING SUPPORT

MUTTENZ, SWITZERLAND – April 13th, 2021. THOMMEN AIRCRAFT EQUIPMENT Ltd. is pleased to announce an exclusive partnership with PREO Aerospace Llc., for Sales and Marketing support for THOMMEN AIRCRAFT EQUIPMENT in the United States and Canada.

PREO Aerospace is based in Dallas, Texas, USA and was co-founded by Pete Ring and Kyle Williams. Mr. Ring has over 20 years of experience in various leadership roles in aerospace industry. He also serves as an active board member of the Aircraft Electronics Association (AEA) as well as an advisor to the Tarrant County College School of Avionics. Pete is also a Commercial Instrument MEL Pilot with various ratings and has accumulated hundreds of hours of flight experience.

Mr. Williams is a 15 year industry veteran with specializing in building, managing and growing Part 145 Repair Stations, MRO facilities and Aftermarket Resellers for multiple Avionics Manufacturers including Aspen Avionics, Avidyne and most recently FreeFlight Systems. Kyle is also a Private Instrument SEL Pilot with more than 25 years of flying experience.

“The partnership with PREO Aerospace underscores our goal of maintaining and expanding our company’s support of our North American customer base” said Daniel Grosch, CEO of THOMMEN AIRCRAFT EQUIPMENT LTD. “Together with PREO Aerospace, THOMMEN will continue to provide full avionics upgrade solutions to the US market through local support, to overcome avionics obsolescence in legacy rotor and fixed wing aviation.”

“We’re excited to partner with such a well establish business that has a strong history of producing products that are of the highest quality”, said Pete Ring, CEO of PREO Aerospace. “PREO Aerospace is well aligned to deliver high integrity result with a superior focus on customer service for THOMMEN solutions in both the fixed wing and rotary wing communities at large.”
