Advancing Public Safety Aviation

About APSA

The Airborne Public Safety Association (APSA) is a 501(c)(3) non-profit, public benefit organization founded in 1968. Over 3,500 members strong from the local to the international level, APSA provides networking systems, educational seminars, product & services exhibitions, technical assistance and accreditation services that those in public safety aviation find invaluable.

APSA's mission statement is to "To support, promote and advance the safe and effective utilization of manned and unmanned aircraft by governmental agencies in support of public safety operations through training, networking, advocacy and educational programs," with the vision of "The safe and successful completion of each airborne public safety operation. Would you like to join APSA?"

Membership Cost & Guidelines: An individual membership is \$63 per year (North America) and \$84 per year (outside of United States/Canada). Individual membership may be conferred upon any person who demonstrates an interest in public safety aviation. **Please note that only Individuals Members who are employed or appointed by a governmental agency under the laws of any state or nation, whose duties and responsibilities include the assignment as aircrew in or supervision and management of the agency's aviation and/or alternative aircraft operations unit, section, division or department may hold the office as a director or officer of APSA.*

APSA's online membership application can be found at <https://publicsafetyaviation.org/become-a-member/>

For questions or inquiries about APSA's individual or corporate membership, please contact APSA Headquarters at (301) 631-2406.

Membership Guidelines

Individual Member (North America & International)

Individual membership may be conferred upon any person who demonstrates an interest in public safety aviation. Please note that only Individual Members who are employed or appointed by a governmental agency under the laws of any state or nation, whose duties and responsibilities include the assignment as aircrew in or supervision and management of the agency's aviation and/or alternative aircraft operations unit, section, division or department may hold office as a director or officer of the corporation.

Corporate Member

Corporate Membership may be conferred upon any entity providing products and/or services related to public safety aviation. Each Corporate membership shall be entitled to one (1) vote exercised by an employee designated by the corporate entity. Up to six (6) corporate contacts can also be chosen to appear in the annual Air Beat Buyer's Guide.

Visit www.publicsafetyaviation.org regularly for current information.
