

**FOR IMMEDIATE RELEASE**

**Precision Aviation Group Expands Capabilities for the Rolls-Royce M250/RR300  
with the Acquisition of Helicopter Engine Repair Overhaul Services, Inc. (H.E.R.O.S.).**

**Atlanta, Georgia – December 3, 2025** – Precision Aviation Group, Inc. (PAG), a leading provider of maintenance, repair, and overhaul (MRO) services and value-added supply chain solutions to the global aerospace and defense industries, today announced its acquisition of H.E.R.O.S. Inc., a premier Rolls-Royce M250/RR300 engine MRO provider based in Chandler, Arizona.

Founded in 1988, H.E.R.O.S. specializes in MRO services for the Rolls-Royce M250/RR300 engine platforms, as well as related accessories and components. The company is recognized for its technical expertise, strong customer relationships, and long-standing support for both domestic and international operators. H.E.R.O.S. operates a state-of-the-art, highly specialized engine facility equipped with advanced tooling, test cell, and capability set.

David Mast, President and CEO of PAG, commented: “The acquisition of H.E.R.O.S. represents an exciting and very strategic addition to PAG. It allows us to better support our customers with an expanded geographic footprint and increases our dedicated M250/RR300 support facilities to over 80,000 square feet. Additionally, their reputation for excellence, their commitment to customers, and their experienced team make them an ideal fit for our organization. We are thrilled to welcome Heros, Raffi, Blake, and the entire team to PAG.”

Heros Kajberouni, Chairman of H.E.R.O.S. Inc., added: “We are excited to join Precision Aviation Group. Becoming part of PAG gives H.E.R.O.S. access to enhanced resources, a global customer network, and the opportunity to expand our capabilities while maintaining the service quality and responsiveness our customers expect. This partnership positions our company and our employees for long-term growth and success.”
