

Ground School Refresher Course

Aircrew Operators Communication Equipment

Broward County Convention Center | Room 203
Wednesday, July 15 | 0800 - 1200

INSTRUCTORS:

CODY KLAEHN

Government Agency Sales
Exec., Dallas Avionics, Inc.
ck@dallasavionics.com

COURSE DESCRIPTION:

Dallas Avionics is pleased to announce an aircrew operators' class utilizing Technisonic radios, with an emphasis on the 9000 series, Anodyne Electronics Manufacturing (AEM) equipment, and Jupiter Avionics Corporation devices.

This course will focus on advancing the radio operators' proficiency and refresh their skills. The class format is student-driven, allowing all questions to be addressed using the available equipment for each participant. Additionally, the curriculum will include code plug discussions and user options that can help reduce workload, thereby improving aircrew efficiency and effectiveness. Troubleshooting, common misdiagnoses, and trends observed by Dallas Avionics and its sister company Radio Master's will also be covered.

Maximum enrollment: 40
