Concorde Battery Brings the Excitement to EAA AirVenture Oshkosh 2026

WEST COVINA, CA -- Concorde Battery Corporation brings the excitement to Booth 2053 in Hangar B with features all week long. Stop in for free posters, redeem an aircraft battery receipt for a \$50 Visa Gift Card, meet airshow pilots and learn how to maximize the life of your aircraft battery with a Concorde Battery presentation in the FAA Aviation Safety Center!

Throughout AirVenture week, Concorde Battery is thanking attendees for supporting the airshow with a show special. Receive a \$50 Visa Gift Card when you purchase a Concorde aircraft battery. To qualify, the battery must be purchased from an authorized Concorde distributor between July 20 and July 26. Just present your purchase receipt or invoice at the Concorde Battery booth. Visit a participating Concorde Distributor during the show to take advantage of this special AirVenture offer.

Concorde Battery Corporation is proud to host aviation's most legendary pilots! Join us daily for special appearances by renowned performers including Julie Clark, Patty Wagstaff, the Titan Aerobatic Team, *and many more*. Meet your favorite aviators, hear their stories, and receive a free autographed poster during scheduled signing sessions. View the full appearance schedule on the next page and follow our social media channels throughout the week for real time updates.

Concorde Battery is a proud sponsor of the Warbird Tram Tour, one of AirVenture's most popular attractions! Climb aboard for a free guided tour of Warbird Row where you'll get an up-close look at some of the world's most iconic military aircraft. As you travel through the display area, knowledgeable narrators share the fascinating history, combat missions, restoration stories and technical details behind these legendary warbirds. From vintage fighters and bombers to rare aircraft with remarkable stories, the Warbird Tram Tour offers a unique opportunity to experience aviation history like never before. Tours operate daily and are free to all attendees.

Join Chris Holder of Concorde Battery Corporation for an informative session covering aircraft battery fundamentals, best operating practices and maintenance tips. Whether you're an aircraft owner, pilot or mechanic this presentation offers practical knowledge you can put to use immediately. Join Chris at the FAA Aviation Safety Center on Tuesday, July 21, at 8:30 AM for this must-attend AirVenture seminar.
