FOR IMMEDIATE RELEASE

Helicopter Services Inc. Selected as Dealer and Service Center for Enstrom Helicopter Corporation

TEXAS/MICHIGAN (July 9, 2026)—Two leading aviation companies are together bringing a trusted American aircraft brand to an expanded range of clients. Enstrom Helicopter Corporation (Enstrom) has selected Helicopter Services, Inc. (HSI), a longtime aircraft sales, completion and MRO provider based in Spring, Texas, as its newest dealer.

As an authorized sales and service center for Enstrom Helicopter Corporation, Helicopter Services, Inc. will leverage its industry-leading team of technicians, led by Chief Inspector Travis Holt, to support customers from aircraft acquisition through every stage of ownership.

“Enstrom’s strong history and range of aircraft are a natural fit for our clients,” shared HSI General Manager, Mike Crossland, “We look forward to great opportunities representing this iconic helicopter brand.”

HSI’s client-centric approach supports the addition of the Enstrom brand to its established aircraft sales offerings, serving airborne public safety agencies, aerial application operators, air medical providers and private owners with sales, service and completion support.

Enstrom continues to build on its legacy of engineering excellence with a production lineup that includes the new Turbine 480B Elite, featuring an enhanced equipment suite, as well as the proven 480B, F28F and 280FX helicopter models.

"At Enstrom, we believe exceptional aircraft deserve exceptional support. Partnering with Helicopter Services, Inc. expands our ability to provide customers with trusted expertise, responsive service and the long-term support they expect from the Enstrom brand. Together, we're strengthening the experience for operators from acquisition through every stage of aircraft ownership" stated Chuck Wade, Senior Vice President of Product, Sales, and Customer Excellence.

Located at David Wayne Hooks Airport Memorial Airport, west of Houston, HSI consists of a fully renovated facility that includes a hangar, office space, and dedicated shop areas totaling 25,000 square feet. Services include comprehensive, certified rotorcraft maintenance services for a range of aircraft, in addition to sales and dedicated client support.

HSI is also an authorized partner for numerous top brands including Garmin, HeliTowCart, Genesys Aerosystems, FreeFlight Systems, Piranha, StartStick, and Avidyne.

About Helicopter Services, Inc.

Helicopter Services Inc., founded in 1980, is located at David Wayne Hooks Memorial Airport (KDWH) in Spring, Texas outside of Houston. HSI is a full-service helicopter company providing new and used helicopter sales, aircraft completions, comprehensive maintenance and parts sales. The company offers private, commercial and government clients a wide variety of options and flexibility for nearly any project or purpose. With superior, service-oriented, expert staff, Helicopter Services Inc continues to change and move forward with a reputation of safety and excellence.

About Enstrom Helicopter Corporation

From Rudy Enstrom's early designs in 1943 to initial testing in a Michigan Quarry in 1957 to aircraft operating on six continents, Enstrom Helicopter Corporation has maintained a reputation for safety, value and performance. Based in Menominee, Michigan and proudly made in the United States, Enstrom has a rich history for design innovation. The goal is to provide helicopters to the customer's exact specification and deliver support and maintenance worldwide.
